

Request for City Council Committee Action from the Department of Public Works

Date: April 30, 2013

To: Honorable Sandra Colvin Roy, Chair Transportation & Public Works Committee

Subject: **Set a Public Hearing for Minneapolis NPDES MS4 Stormwater Management Program and Annual Report**

Recommendation:

Set a Public Hearing date for June 18, 2013 to receive public comment regarding the Stormwater Management Program. This process is a requirement of the City of Minneapolis' National Pollutant Discharge Elimination System (NPDES) and State Disposal System (SDS) Permit # MN0061018.

Previous Directives:

- June 5, 2012 – Received public comment and adopted the previous year's annual report

Department Information:

Prepared by: Lois Eberhart, Water Resources Administrator, SW&S
Lisa Cerney, PE, Director of Surface Water and Sewers

Approved by: _____

Steven A. Kotke, P.E., Director of Public Works

Presenters in Committee: Lois Eberhart

Reviews

- Permanent Review Committee (PRC): Approval ____ Date _____
- Civil Rights Approval Approval ____ Date _____
- Policy Review Group (PRG): Approval ____ Date _____

Financial Impact

- No financial impact
- Action is within the Business Plan

Community Impact

- Neighborhood Notification: Memo announcing opportunity for the general public to provide comments regarding the draft Annual Report is being sent to all neighborhood organizations, other interested parties (see Attachment).
- City Goals: A Safe Place To Call Home

Supporting Information

History

In 1990, the United States Environmental Protection Agency (EPA) issued regulations that required stormwater runoff from municipalities with populations greater than 100,000 to be permitted under the National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Program. This program is also called Phase 1 of the Federal stormwater requirements. The Minnesota Pollution Control Agency (MPCA), under a delegation agreement with the EPA, issued NPDES and State Disposal System (SDS) Stormwater Runoff Permit # MN0061018 (Permit) to the City of Minneapolis (City) and the Minneapolis Park & Recreation Board (MPRB), as co-permittees, on December 1, 2000 and re-issued the Permit on January 21, 2011. The Permit requires the implementation of stormwater management activities that are designed to mitigate the pollution effects of urbanization on stormwater runoff.

Requirements for Annual Reporting, Public Comment, and Council Action

The Permit requires that the permittees prepare and submit an Annual Report of activities for the previous year. The Permit also requires that opportunities be made for the general public to provide comments regarding the Stormwater Management Program. The comments must be solicited and received prior to the Annual Report submittal to the MPCA. The cutoff date for comments by the general public is Noon on Friday, June 21, 2013. The Annual Report will then be finalized and submitted to the MPCA on June 28.

A notice to the parties listed on the Attachment will be sent on May 21, indicating that the City's Stormwater Management Program is available for viewing on the following City website:

<http://www.ci.minneapolis.mn.us/www/groups/public/@publicworks/documents/webcontent/wcms1p-093684.pdf>

A summary of the public's input, and the City's response to those comments, are also required to be included in the final Annual Report. The City Council's formal resolution of adoption must also be submitted to the MPCA along with the final Annual Report.
